Craig Davis, Police

Tom Hood, Public Works

Guests

Hart Weber

Keri Moore

Kern McGee

303-359-3392

(outside caller)

Meeting called to order at 8:04 a.m. by Chair Tyler Rourke.

- M/S/P for May 2023 Minutes.

ANNOUNCEMENTS & REQUESTS FOR FUTURE AGENDA ITEMS

- Request to address limited street parking, learn the background of parking codes, suggestion was to address this on the August agenda.
- Follow up on adding additional buttons on dotted extensions and adding reflective markings at the 41st street interchange, in response to a resident request and Street Smarts. Confirmed that all service requests are assigned.
- Request to address noise enforcement on modified vehicles.
- Inquiry regarding future athletic complex – not ready for public discussion, only a concept at this point.

PUBLIC COMMENTS

- Suggestion to consider noise activated camera demonstration project like New York City and Knoxville; Kirkland has a similar project they're demonstrating regarding noise.

ENGINEERING REPORT

- Pavement Maintenance Overlay Projects:
 - Repaving Broadway from 41st to Hewitt beginning July 6.
- Fleming bicycle corridor – East/west route and north/south route will connect at Fleming and Madison – currently suspended, waiting on the Endurablend contractor. Estimated two-week suspension.
- Bike lane on Madison into pavement markings installation.
- 36th St. Combined Sewer Overflow project – 30% design completed.
- Reservoir 3 replacement – public outreach has begun, and design is being fast tracked. Goal is to begin right after the first of the year.
- Citywide Wayfinding Project – nearing the end of design with hopes to advertise later this year.

TRAFFIC ENGINEERING REPORT

- A new signal design engineer will be beginning later this summer, so signal design staff will be available after a long delay.
- I5 NB HOV continues to close nightly – narrow lanes and resulting in some collisions.
- Seismic retrofit for SR 526 bridge work continues by WSDOT – expected to finish by end of summer.
- Photo Enforcement study is complete, results making a good case of photo enforced school zones. Red light violation study was in line with expectations – Project and funding should be self-sustaining; revenue may be more than originally anticipated.
- Discussion on upcoming summer activities in Everett.

POLICE REPORT

- Discussion of traffic cameras and what the law allows us to enforce from them – discussed no plates, or fraudulent temporary tags.
- Discussed new traffic barriers that are being used for events – great success – used to thwart an attempted “street takeover”. Exploring options of getting more.
- Further discussion of upcoming city events, including 2nd of July bicycle races, 3 on 3 basketball tournament and Salty Sea Days traffic plans.
- Discussed service change kicking off, bringing an 11% increase fully restoring pre-pandemic levels of service availability throughout the system.
- Discussed upgrading of surveillance capabilities – huge upgrade for Mall Station (9 cameras), College Station (9 cameras) and Everett Station (48 cameras), 18 months ahead of schedule.

TRANSIT REPORT

- Suggestion to make data on safety made public, direct links to all transit teams to find information on ridership, safety, security and other performance indicators.
- Request for TAC group demographics for Title VI reporting.

AGENDA ITEMS

- Silver Lake Loop project – recreation loop meant to increase interest in different modes of transportation and will include interpretive kiosks and upgraded playground equipment.
- Vision Zero scoping – Covered sub agreement with PSRC. Expressed importance of outreach. A suggested one-year timeline for project from signed agreement with PSRC, ambitious but achievable.

Adjournment: 9:46 a.m.

Next Scheduled Meeting: July 20, 2023
